GRANGER-HUNTER IMPROVEMENT DISTRICT

ACRONYMS AND ABBREVIATIONS

ACRONYM OR ABBREVIATION	DEFINITION
ACH	Automated Clearing House
AF	Acre-feet or Acre-foot
AMI	Advanced Metering Infrastructure
AMZN	Amazon
A/R	Accounts Receivable
A/P	Accounts Payable
APWA	American Public Works Association
ASR	Aquifer Storage and Recovery
AWWA	American Water Works Association
AWWAIMS	American Water Works Association Intermountain Section
BOD	Biological Oxygen Demand
BRIC	Building Resilient Infrastructure and Communities
CC	Credit Card
CCTV	Closed Circuit Television
CDA	Community Development Area
CFS	Cubic Feet per Second
CFO	Chief Financial Officer
CIP	Construction-in-Process/Capital Improvement Project
COS	Cost-of-Service
CRA	Community Reinvestment Area
CRWUA	Colorado River Water Users Association
CUP	Central Utah Project
CUPCA	Central Utah Project Completion Act
CUWCD	Central Utah Water Conservancy District
CVWRF	Central Valley Water Reclamation Facility
CWP	Central Utah Water Development Project
CWS	Community Water Systems
CWSRF	Clean Water State Revolving Fund
DBP	Disinfection By-product
DDW	Utah Division of Drinking Water
DEQ	Utah Department of Environmental Quality
DNR	Utah Department of Natural Resources
DOI	Department of Interior
DWQ	Utah Division of Water Quality
DWRe	Utah Division of Water Resources
DWRi	Utah Division of Water Rights
EA	Environmental Assessment
EIS	Environmental Impact Statement

EOC	Emergency Operations Center
EMOD	Experience Modification Factor
EMP	Employee
EPA	United States Environmental Protection Agency
ERP	Emergency Response Plan/Enterprise Resource Planning
ERU/ERC	Equivalent Residential Unit/Equivalent Residential Connection
FA	Fixed Assets
FEMA	Federal Emergency Management Agency
FOG's	Fats, Oil, & Grease
FRA	Fraud Risk Assessment
GFOA	Government Finance Officer's Association
GHID	Granger-Hunter Improvement District
GIS	Geographic Information System
gpcd	Gallons per Capita per Day
gpm	Gallons per Minute
GWR	Groundwater Rule
HMI	Human-Machine Interface
HUD	U.S. Department of Housing and Urban Development
HVAC	Heating, Ventilation and Air Conditioning
IAP	Incident Action Plan
IC	Incident Commander
ICS	Incident Command System
IFA	Impact Fee Act
JRC	Jordan River Commission
JIC	Joint Information Center
JVWCD	Jordan Valley Water Conservancy District
KID	Kearns Improvement District
kW	Kilowatt
LOS	Level of Service
MGD	Million Gallons per Day
MG	Million Gallons
mg/L	Milligrams per Liter
MH	Manhole
M&I	Municipal and Industrial
MOU	Memorandum of Understanding
MVC	Mountain View Corridor
MWD	Magna Water District
MWDSLS	Metropolitan Water District of Salt Lake & Sandy
NEPA	National Environmental Policy Act
O&M	Operation and Maintenance
OSHA	Occupational Safety and Health Administration
PIO	Public Information Officer

PM	Preventative Maintenance
POC	Point of Contact

Incode/Pro10	Financial ERP Software
OPEB	Post Retirement Benefits
PTIF	Public Treasurers Investment Fund
PVC	Polyvinyl Chloride
R&R	Repair and Replacement
RCP	Reinforced Concrete Pipe
RDA	Redevelopment Agency (Property Taxes)
RFP	Request for Proposal
RFSQ	Request for Statements of Qualifications
RMP	Rocky Mountain Power
RNI	Regional Network Interface (Meters)
RTU	Remote Telemetry Unit
RWAU	Rural Water Association of Utah
SCADA	Supervisory Control and Data Acquisition System
SDWA	Safe Drinking Water Act
SLVHD	Salt Lake Valley Health Department
SO	Safety Officer
SOP	Standard Operating Procedure
SOQ	Statement of Qualification
SRF	State Revolving Fund
SSO	Sanitary Sewer Overflow
SVSD	South Valley Sewer District
TBID	Taylorville Bennion Improvement District
TCR	Total Coliform Rule
TDS	Total Dissolved Solids
TNT	Truth-in-Taxation
TSS	Total Suspended Solids
UASD	Utah Association of Special Districts
UDOT	Utah Department of Transportation
UGFOA	Utah Government Finance Officers Association
USBR	United States Bureau of Reclamation
UTA	Utah Transit Authority
UWCF	Utah Water Conservation Forum
UWUA	Utah Water Users Association
WaterSMART	Sustain and Manage America's Resources for Tomorrow
WBWCD	Weber Basin Water Conservancy District
WVC	West Valley City

THE BOARD OF TRUSTEES OF THE GRANGER-HUNTER IMPROVEMENT DISTRICT

PUBLIC NOTICE is hereby given by the Board of Trustees that Granger-Hunter Improvement District will hold a Board Meeting at 3:00 p.m. on Tuesday, August 18, 2026, at its main office located at 2888 South 3600 West, West Valley City, Utah. Trustees and members of the public are able to attend this meeting in person or electronically through www.ghid.gov.

Agenda

A. GENERAL

1. Call to order – Welcome – Report those present for the record
2. Public Comments
3. Consider approval of the July 28, 2026, Board Meeting Minutes
4. Discuss potential conflicts of interest

B. OUR COMMUNITY

1. Water and System Master Plan Project Discussion
2. Review and discuss the 2027 Budget Parameters Document

C. OUR TEAM

1. Proposed updates to the Administrative Policy and Procedures Manual – Section 8.3 Claims Against the District Not Covered by Insurance.

D. OUR OPERATIONS

1. Department Highlights
 - a. Administrative Services
2. Consider approval authorizing the General Manager to sign the 2026/2027 Jordan Valley Water Conservancy District Member Agency Water Conservation Funding Agreement.
3. Consider approval to grant Rocky Mountain Power a utility easement at the Watts Well No. 18 site to provide electric service for the 23L: Watts Well No. 18 Equipping Project.
4. Consider approval of a quitclaim deed at the Watts Well No. 18 site to Salt Lake County in connection with the 23L: Watts Well No. 18 Equipping Project.

E. CLOSED SESSION

1. Strategy session to discuss pending or reasonably imminent litigation.

F. BOARD MEMBERS INPUT, REPORTS, FOLLOW-UP ITEMS OR QUESTIONS

G. CALENDAR

1. The next board meeting will be September 8, 2026.

H. APPENDICES

1. Jordan Valley Water Conservancy District Update
2. Central Valley Water Reclamation Facility Update
3. Financial Report for July 2026
4. Paid Invoice Report for July 2026
5. Administrative Services Update
6. Water Maintenance Update
7. Wastewater Maintenance Update
8. Operations Update
9. Capital Projects Update
10. Engineering Department Update

MINUTES OF THE GRANGER-HUNTER IMPROVEMENT DISTRICT BOARD MEETING

The Meeting of the Board of Trustees of the Granger-Hunter Improvement District (GHID) was held Tuesday, July 28, 2026, at 3:00 P.M. at the District office located at 2888 S. 3600 W., West Valley City, Utah.

This meeting was conducted electronically in accordance with the Utah Open and Public Meetings Act (Utah Code Ann. (1953) §§ 52-4-1 et seq.) and Chapter 7.12 of the Administrative Policy and Procedures Manual (“Electronic Meetings”).

Trustees Present:

Wayne Watts	Chair
Debra Armstrong	Trustee
Roger Nordgren	Trustee

Staff Members Present:

Jason Helm	General Manager/Treasurer
Todd Marti	Assistant General Manager/District Engineer
Troy Stout	Assistant General Manager/Chief Operating Officer
Ricky Necaie	Director of Wastewater
Victor Narteh	Director of Engineering
Drew Ovard	Director of Water Systems
Michelle Ketchum	Director of Administration
Justin Gallegos	Director of Information Technology
Austin Ballard	Controller/Clerk
Kristy Johnson	Executive Assistant
Brent Rose	Legal Counsel – Clyde Snow & Sessions PC
Blake Allen	Wastewater Maintenance – Left after presentation
Bruce Loveland	Wastewater Maintenance - Left after presentation
Dave York	Wastewater Maintenance - Left after presentation
Isileli Tuitupou	Wastewater Maintenance - Left after presentation
Kyle Dean	Wastewater Maintenance - Left after presentation
Jason Stevens	Health & Safety - Left after presentation
Adam Spackman	System Admin – <i>Electronically</i>
Darcy Brantly	Accounting - <i>Electronically</i>

Also Present:

Rachel Valek	Bowen Collins & Associates – Left after presentation
--------------	--

A copy of the exhibits referred to in these minutes is attached and incorporated by this reference. The exhibits are also included in the official minute books maintained by Granger-Hunter Improvement District.

CALL TO ORDER

At 3:00 P.M. Wayne Watts called the meeting to order and recognized all those present.

Public Comments

There were none.

Approval of the June 16, 2026, Strategic Planning & Board Meeting Minutes

A motion to approve the June 16, 2026, Strategic Planning and Board Meeting Minutes was made by Debra Armstrong. Following a second from Roger Nordgren, the motion passed as follows:

Watts – aye

Armstrong – aye

Nordgren – aye

Conflicts of interest

There were none.

OUR TEAM Recognition of Wastewater Staff & Outstanding Customer Service to Community

Troy Stout recognized the Wastewater Staff and commended them for their outstanding customer service assisting a customer in the District by cleaning debris out of their sewer lateral.

OUR COMMUNITY Salt Lake County Local Emergency Planning Committee Recognition

Mr. Stout recognized Jason Stevens, the District Health and Safety Coordinator, for his Salt Lake County Local Emergency Planning Committee recognition and commended him for his involvement with the committee. – See Salt Lake County Local Emergency Planning Committee Recognition attached to these minutes for details.

Water & Wastewater Master Plan Update – Revenue Needs and Project Rankings

Austin Ballard, Todd Marti and Rachel Valek with Bowen Collins presented the Water & Wastewater Master Plan Update – Revenue Needs and Project Rankings. Ms. Valek noted that costs are larger than expected due to inflation being larger than expected. Ms. Valek also noted the current revenue and projected needs gap if adjustments to revenues aren't made. Mr. Ballard discussed the total cost of service needs for the District and options to increase revenues to bridge the gap including: increased rates, bond for project needs and deferring projects. Mr. Ballard also noted other revenue sources including: property taxes, bond interest rates and UWIP funding. Mr. Marti discussed the capital projects rankings based on urgency and reviewed upcoming projects for the next three years. – See Water & Wastewater Master Plan Update – Revenue Needs and Project Rankings attached to these minutes for details.

Anderson Water Treatment Plant Incident Update

Jason Helm discussed the Anderson Water Treatment Plant incident and presented an update to the Board. A brief discussion took place regarding the process that led to the water quality issues.

OUR OPERATIONS
Administrative Services
Department Highlight

Michelle Ketchum presented an administrative services department highlight. Ms. Ketchum noted the June 2026 billing period showed a 12.7% reduction in water use compared to June 2025. – See Administrative Services Highlight attached to these minutes for details.

Wastewater
Maintenance
Department Highlight

Ricky Necaise presented a wastewater maintenance highlight. Mr. Necaise noted a suspected sewer main leak that turned out to be a ground water leak. – See the Wastewater Maintenance Highlight attached to these minutes for details.

Consider Approval of
Transparent Water
Billing Grant Contract
with State of Utah

Michelle Ketchum asked the Board to consider approval of the Transparent Water Billing Grant Contract with the State of Utah and authorize the Board Chair to sign. Roger Nordgren made a motion to approve the contract as noted. Following a second from Debra Armstrong, the motion passed as follows:

Watts – aye Armstrong – aye Nordgren – aye

Consider Approval for
Annual Renewal of
Tyler Technologies
Support & Maintenance
Contract

Justin Gallegos asked the Board to consider approval for the annual renewal of Tyler Technologies support and maintenance contract in the amount of \$67,146.23. Debra Armstrong made a motion to approve the contract as noted. Following a second from Roger Nordgren, the motion passed as follows:

Watts – aye Armstrong – aye Nordgren – aye

Consider Approval of
Construction Contract
with Don Calvert
Painting & Special
Coatings for 26D:
Manhole Rehabilitation
Project

Victor Narteh asked the Board to consider approval of a construction contract with Don Calvert Painting and Special Coatings for the 26D: Manhole Rehabilitation Project in the amount of \$167,401.00. Roger Nordgren made a motion to approve the contract as noted. Following a second from Debra Armstrong, the motion passed as follows:

Watts – aye Armstrong – aye Nordgren – aye

CLOSED SESSION

At 5:01 P.M., Debra Armstrong made a motion to enter into a closed session to discuss the character, professional competence, or physical or mental health of an individual. Following a second from Roger Nordgren, the motion passed as follows;

Watts – aye Armstrong – aye Nordgren – aye

All Trustees; Jason Helm, General Manager; and Brent Rose, District legal counsel were present during the closed session to discuss the character, professional competence, or physical or mental health of an individual.

At 5:55 P.M., Debra Armstrong made a motion to end the closed session and enter back into an open session. Following a second from Roger Nordgren, the motion passed as follows;

Watts – aye Armstrong – aye Nordgren – aye

CALENDAR
Discuss September
Meeting Date

Jason Helm mentioned the need to change the September board meeting due to the Intermountain Section AWWA Annual Conference dates. The September board meeting will be moved to September 8, 2026. All calendars and notifications will be updated to reflect the date change.

BOARD MEMBERS
INPUT, REPORTS,
FOLLOW-UP ITEMS
OR QUESTIONS

Roger Nordgren noted that the Central Valley Water Reclamation Facility Update in the Appendices section of the Board Packet does not need to be so extensive.

ADJOURNED

Inasmuch as all agenda items have been satisfied, Roger Nordgren made a motion to adjourn the meeting. Following a second from Debra Armstrong, the motion passed as follows and the meeting adjourned at 6:04 P.M.

Watts – aye

Armstrong – aye

Nordgren – aye

Wayne D. Watts, Chair

Austin Ballard, Clerk

Water - Capacity Improvements			
	2021	2026	Project Timing
ST1 - New Reservoir Construction	\$9,350,000	\$9,720,000	0-5
S1 - Iron/Manganese Removal Facility (w/1&17) Well No. 12	\$11,000,000	--	Completed
S2 - Iron/Manganese Removal Facility Well No. 15	\$4,000,000	\$5,000,000	0-10
S3 - Iron/Manganese Removal Facility Well No. 16	\$4,000,000	--	Completed
S4 - Drill New Well - Well No. 18	\$2,000,000	--	Completed
S5 - Well House Construction - Well No. 18	\$2,750,000	\$3,438,000	0-5
P1 - Parkway Blvd/Bangerter Hwy	\$1,270,000	\$1,920,000	0-5
P2 - 3600 W/2400S - Outside Ridgeland PS	\$560,000	\$850,000	0-5
P3 - 3600 W/4400 S - Southeast Portion of Zone 3E	\$30,000	\$40,000	0-5
P4 - 500 W/4700 S - JV #50	\$1,320,000	\$2,000,000	5-10
P5 - 4800 W/4415 S - Tank Farm to Zone 2	\$200,000	250,000	5-10
P6 - 4800 W/4415 S - Tank Farm to Zone 4	\$12,110,000	18,330,000	10+
P7 - 4100 S to Chatterleigh Ave.	--	1,510,000	5-10
P8 - Upsize 4" Mains (2,000 LF/yr) - 10-Year Total Cost	\$7,000,000	10,600,000	0-10
Total	\$48,590,000	\$53,658,000	

With Hive

Tank Considerations

- Low Point: 4,570
- High Point: 4,790
- Current Tank: 4,863 (base)
 - Serve up to 4,720 with 60 psi
- Need tank around 4,930 to serve
 - 155 psi for Low Point

Conclusions

- General
 - Construction inflation significantly (~35%) increased project costs
 - One additional project, P7, is recommended to be included in the Culinary Master Plan
- The Hive Development
 - Requires more culinary water storage
 - The existing Zone 5 Tank does not have enough elevation to serve the full Hive development

Sewer System

Wastewater Capacity Projects

Wastewater - Capacity Improvements			
	2021	2026	Project Timing
S1 - Redwood Road Improvements (D01, D02, D03, D04)	\$8,750,000	--	Completed
S2 - 4000 W, Continental Dr. to 4100 S (1200') (D15)	\$630,000	\$870,000	0-5
S3 - 3100 S, West of 4800 W (100') D20	\$1,400,000	\$1,740,000	10+
S4 - Decker Lake Dr. @ City Center Ct. (2-27" between 30") (1500') (D27)	\$1,560,000	\$2,170,000	5-10
S5 - 3100 S, 2040 W to Armstrong PS (1,000') (D28)	\$600,000	\$830,000	5-10
S6 - 3500 S, W of Bangerter to 3600 W (1,700') (D32)	\$1,900,000	\$2,410,000	0-5
S7 - 3500 S, 3200 W to W of Decker Lake Dr. (5,300') (D10)	\$6,000,000	\$100,000	5-10
S8 - 4100 S from 6780 S to 6400 W (2,680')	\$1,400,000	\$2,910,000	5-10
S9 - 1300 W, Kinspointe Ln. to CJ Way	--	\$2,400,000	5-10
S10 - 4100 S, 6000 W to I-215	--	\$26,300,000	10+
LS1 - Replace Pleasant Valley Lift Station	\$5,000,000	\$6,750,000.0	0-5
Total	\$27,240,000	\$46,480,000	

Conclusions

- General
 - Construction inflation significantly (~35%) increased project costs
 - One additional project, S9, is recommended to be included in the Sewer Master Plan for the existing system
 - Project S7 can be reduced to a diversion project
- The Hive Development
 - Requires a pipe upsize (21" and 24") pipe in 4100 S – S10 & S8
 - Modeling results assume the Hive will convey flows to 4100 S

2027 BUDGET PARAMETERS DOCUMENT

PARAMETERS FOR 2027 BUDGET

As we prepare for the 2027 Budget review and finalization, this document intends to summarize some of the major assumptions used in developing the budget. An initial review of these parameters occurred with Roger Nordgren (Budget Committee Chair) on August 17, 2026. Having all the board members review these assumptions before the tentative budget discussion should help all be prepared to make the best decisions in finalization of the budget. If you have questions or comments, please direct them to Austin Ballard or Jason Helm, preferably before October 1, 2026.

WATER & WASTEWATER SALES

Recommended increases:

Water rate increases/decreases: **10% Rate Increase (Average)**

	Current Rates	Suggest 2027 Rates
Availability Fee	\$18.96	\$21.25 - \$23.50
Tier 1	\$1.74	\$1.60 - \$1.85
Tier 2	\$2.43	\$2.35 - \$2.70
Tier 3	\$3.47	\$4.25
Tier 4	\$4.63	\$5.75
Comm, Ind, Inst	\$2.66	\$2.66

Wastewater rate increases/decreases: **7% Rate Increase**

	Current Rates	Suggest 2027 Rates
Availability Fee	\$17.93	\$17.50
Volume Fee	\$1.73	\$2.25
CVWRF	\$14.50	\$14.50

Estimated impacts to residential customer bills can be found in the appendix at the end of this document.

OPERATING EXPENSES

Operating expenses have been determined by management and department heads based on maintenance plans and water/wastewater master plans. All budgets reflect the needs of each department taking into consideration cost inflation and operational requirements.

Payroll Wages and Benefits

Recommended personnel compensation increase: **5.0%**

- Added positions for temporary water department laborer and business data analyst

Increase to the overall payroll and benefits budget category (\$367k or 3.1%) are primarily made up of the following differences:

- Salary compensation increases of 5%, partially offset by positions filled at lower than anticipated salaries from 2026 Budget (\$138k or 2.1%)
- Reduction to overtime wages due to lower anticipated after hour responses (\$34k or 18.7%)
- OPEB benefits reduction (\$202k or 44.7%). Recommend continuing to prefund OPEB account to smooth expenditures for potential retirement of 6-10 employees over the next 5 years.
- Health insurance increase due to higher than anticipated plan utilization (\$495k or 20.5%)

Maintenance and Tools

Maintenance and tools has increased 438k or 21.6% primarily due to moving fire hydrant replacements and meter vault replumbs to O&M.

Water Purchases

The 2026 Budget for water purchases has increased \$146k or 1.3%, which is made up of an anticipated 5% increase in rates for July'27-Dec'27, partially offset by an actual lower rate increase for Jan'27-Jun'27 than was originally planned in the 2026 Budget and lower anticipated water purchases from Jordan Valley Water.

Central Valley Water Reclamation Facility (CVW)

Because of operational changes to the plant as a result of the upgrades, the budget for CVW is increasing \$427k or 2.3%.

Utilities

Utilities has increased \$61k or 6.4%, due to higher use of GHID well pumping stations.

General and Administrative

General and administrative budget has increased \$28k or 1.3%.

NEW VEHICLES AND EQUIPMENT

In 2027, the District anticipates the need to acquire the following vehicles:

- Wastewater:
 - Vactor/Recycler (\$925k)
- Vehicle Fleet:
 - 3 – ½ ton pickup truck replacements (\$165k)
 - 2 – Light Duty trucks (\$70k)
 - 1 – Full ton truck (\$65k)
 - 1 – Valve Truck Equipment (\$85k)

CAPITAL PROJECT EXPENDITURES

After direction from the Board during the strategic planning and subsequent board meetings, the District was able to identify about \$3.3M of projects that can be deferred into future years. Capital expenditures have decreased from an initial estimate of \$19.5M to what is recommended for the 2027 Budget of \$16.2M.

Projects	2027	2026 Carryover	Total
Continuation	\$7.9M	\$0.5M	\$8.4M
Core Services	\$4.4M	\$0.1M	\$4.5M
Extend Life	\$3.1M	\$ -	\$3.1M
Capacity/Growth	\$0.2M	\$ -	\$0.2M
Resilience	\$ -	\$ -	\$ -
Enhance	\$ -	\$ -	\$ -
Total	\$15.6M	\$0.6M	\$16.2M

Major capital expenditure projects for 2027 include:

- 3600 W. Waterline Replacement \$2.5M (\$1.0M funded through federal appropriations)
- Watts Well No.18 \$3.6M
- In-house waterline replacement \$1.4M
- Sewer Lining and Manhole Rehabilitation \$1.1M
- Pleasant Valley WWPS \$4.7M
- Warner WWPS Rehabilitation \$0.6M

Appendix

Customer Usage (Tier)	Average Monthly Bill Incr	% Total Est Increase
Low Volume Usage (T1)	\$5.64 - \$6.39	9.8% - 11.1%
Moderate Volume Usage (T2-T3)	\$7.11 - \$7.88	9.7% - 10.8%
High Volume Usage (T3)	\$12.98 - \$14.26	12.7% - 13.9%

- Administrative Policy & Procedures Manual Updates

8.3 CLAIMS AGAINST THE DISTRICT NOT COVERED BY INSURANCE

Claims for property damage caused by a water line break, service lateral leak or sewer back-up which are not covered by insurance will be settled in a manner consistent with this Section.

A. Upon the District first becoming aware of any water or sewer emanating from the District's water system or sanitary sewer system which enters and causes damage of any kind to any premises, the District shall, upon investigation, immediately consult with the District's insurance carrier to determine if the matter is covered by insurance. If it is determined that there is coverage, the matter shall immediately be tendered to the insurance carrier. If it is determined that the matter is not covered by insurance, the District shall proceed in conformance with the provisions of this Section.

~~A. Claims for property damage caused by a water line break or sewer back-up filed against the District that are not covered by insurance will be settled in a manner consistent with this chapter. The intent of this chapter is to provide clean-up of any property damage to the claimant and a reasonable amount to be considered as restoration of lost property.~~

B. If, after consultation with the District's legal counsel, and if appropriate the insurance carrier, it is determined that the damage could have resulted from the actions or inactions of a third-party, in order to insulate the District to the extent possible from any assumption or claim of responsibility or liability, the District shall not take any remedial action or offer assistance except to recommend to the property owner reputable private companies that could assist in restoring and/or cleaning-up those parts of the affected premises that have been damaged or affected by water or sewer entering the premises.

~~B. The District will pay for the initial clean-up of the premises affected by water or sewer entering the premises.~~

C. If after investigation it is determined that there is no potential for third-party involvement that contributed or be construed to have contributed to the damage, the District may, in its sole discretion, provide for mitigation, restoration and/or clean-up of that portion of the premises affected by water or sewer entering the premises, and in the District's discretion, it may if appropriate under the circumstances, provide for the replacement of damaged furnishings and/or structures, and pay the reasonable cost of the same. Any such assistance and/or payment shall be expressly subject to the following:

(1) The extent of any such restoration, repair or replacement of damaged furnishings and/or structure to be made by the District shall be determined and calculated based on the current fair market value of the same.

(2) The restoration, repair and/or clean-up work may be performed by District personnel and/or by third-party contractors retained by the District as determined by the General Manager or an Assistant General Manager, in their sole discretion.

- ~~C. The District will provide restoration or replacement of damaged furnishings and/or structure based on the current fair market value. The General Manager or an Assistant General Manager is authorized to settle claims for restoration and replacement up to \$20,000 per occurrence. Any claim in excess of \$20,000 must be authorized by the Board.~~
- D. After conferring with the District's legal counsel ~~or and~~ the insurance ~~agent~~ carrier ~~if deemed appropriate~~, the General Manager or an Assistant General Manager are authorized and may compromise and settle any legal claim made against the District if the compromised payment amount ~~in compromise~~ is \$20,000 or less. All claims settled by the General Manager or Assistant General Manager must be reported to the Board at its next regularly scheduled meeting. The Board, in consultation with the District's legal counsel, must authorize the settlement and compromise of any claims in an amount exceeding \$20,000. Any restoration, repair, compromise, or settlement made pursuant to this section shall be documented such that the same shall not constitute or otherwise be construed as an admission of liability, express or implied, by the District.
- ~~E. The District shall obtain from the owner of the affected premises appropriate assurances, indemnities, releases and waivers, and document the same by executed, written agreements as determined advisable by the District's legal counsel, all as a condition to commencement of any restoration or clean-up of the affected premises and/or the settlement and payment of any legal claim consistent with the provisions of this Section.~~
- ~~F. The District reserves all rights of recovery, indemnity, contribution, and subrogation against any person or entity determined to be responsible for all damages which are the subject of this Section.~~

- Department Highlights
- Jordan Valley Water Conservancy District Member Agency Water Conservation Funding Agreement
- 23L: Watts Well No. 18 Equipping Project Utility Easement Approval
- 23L: Watts Well No. 18 Equipping Project Quitclaim Deed Approval

Administrative Services

The new Cordonel meter approved by the Board in March was installed on July 2 at Compass Cove as a bypass meter for a 6" main meter. This is an ideal location because the meter vault frequently fills with groundwater and the meters are often submerged. The Cordonel meter is designed to maintain accurate readings even when under water and provides additional data beyond usage, including pressure and temperature readings.

- **Approval Requested:** Consider approval authorizing the General Manager to sign the 2026/2027 JVWCD Member Agency Water Conservation Funding Agreement

MEMBER AGENCY WATER CONSERVATION FUNDING AGREEMENT

This Agreement is made and entered into as of July 1, 2026 (the “Effective Date”), by and between the Jordan Valley Water Conservancy District, a Utah special district (“District”), and Granger-Hunter Improvement District, a Utah special district (“Member Agency”).

RECITALS:

- A. The District desires to provide funding assistance to the Member Agency for a water conservation project within the Member Agency’s retail service area relating to leak detection, water system auditing, tiered rate study, and promotional materials (the “Project”);
- B. The Member Agency wishes to obtain funding assistance from the District and represents that it has met the eligibility requirements; and
- C. The Member Agency has submitted to the District a proposal outlining the Project and requesting funding assistance, and the District is willing to provide funding assistance, consistent with the terms of this Agreement.

TERMS:

The parties agree as follows:

- 1. Project Description. A description of the Project to be completed by the Member Agency is set forth in attached Exhibit A.
- 2. Project Schedule. The Project shall be completed by the Member Agency in accordance with the schedule set forth in attached Exhibit A, notwithstanding any other provision or Exhibit of this Agreement to the contrary.

3. Project Administration and Correspondence.

(a) The person designated to administer the Project and to act as the chief contact for the Member Agency is:

Michelle Ketchum, Director of Administrative Services
Granger-Hunter Improvement District
2888 South 3600 West
West Valley City, Utah 84119

(b) The person designated to represent the District in connection with this Agreement is:

Courtney Brown, Conservation Division Manager
Jordan Valley Water Conservancy District
8275 South 1300 West
West Jordan, Utah 84088

4. Eligibility for Project Funding. The Member Agency represents it has:

(a) Adopted, by formal resolution, a water conservation goal of reducing per capita water use in its service area by at least twenty-five percent (25%) by year 2026, using year 2000 as a baseline year for comparison purposes; and,

(b) Complied with the Utah Water Conservation Plan Act, Utah Code Ann. § 73-10-32, and has filed a water conservation plan with the State of Utah, Division of Water Resources.

5. Member Agency Responsibilities and Ownership.

(a) The Member Agency and/or its representatives shall provide all labor, services, supplies, and materials to implement and complete the Project, including but not limited to administration, promotion, marketing, management, data collection, analysis, and reporting.

(b) All materials and supplies necessary to implement and complete the Project shall be the exclusive property of the Member Agency. The District shall have

no ownership, right, title, security interest, or other interest in any Project facilities, materials, or supplies, nor in any rights, duties, or responsibilities for operation or maintenance thereof.

(c) The Member Agency shall comply with all applicable federal, state, and local requirements to implement and complete the Project.

(d) The Member Agency shall be solely responsible for the performance of its staff and/or representatives in complying with the terms of this Agreement, and for the proper allocation of funds received from the District for implementing and completing the Project.

(e) The Member Agency shall timely prepare and submit invoices and reports to the District as further described herein.

(f) The Member Agency shall timely pay its share of the costs of the Project.

6. Cost Estimate and Funding.

(a) The funds to be provided by the District to the Member Agency shall not exceed Eighty-Four Thousand and 00/100 dollars (\$84,000.00).

(b) The costs for the Project to be paid by the District and by the Member Agency are set forth in attached Exhibit A. All costs greater than those shown in Exhibit A, which are necessary to implement and complete the Project pursuant to this Agreement, if any, shall be paid by the Member Agency. The Member Agency shall pay no less than twenty percent (20%) of the total cost of the Project.

7. Invoicing Requirements.

(a) The Member Agency shall invoice the District on a quarterly basis pursuant to the following schedule:

QUARTERLY BILLING PERIOD	INVOICE DUE DATE
January 1-March 31	April 20
April 1-June 30	July 20
July 1-September 30	October 20
October 1-December 31	January 20

(b) Invoices shall be sufficiently detailed to allow for review and approval by the District and each shall include the following: a cover letter indicating the billing period; a detailed breakdown of the costs submitted for reimbursement, including man hours and billing rates; documentation supporting the invoice, such as invoices for supplies, consulting services, etc.; and, an accounting of the amount(s) previously invoiced with respect to the total funding amount provided under this Agreement. The final invoice for the Project, or a component of the Project, shall provide information and documentation sufficient to demonstrate that it has been completed in accordance with the requirements and conditions of this Agreement.

8. Periodic Meetings. The District, at its discretion, may request periodically a meeting for review of the Member Agency's progress toward implementation and completion of the Project, including an initial meeting prior to commencement of the Project.

9. Reporting Requirements.

(a) Beginning with 2026, and for five (5) consecutive years following completion of the Project, the Member Agency shall provide to the District an annual calculation of per capita water uses within its retail service area. The calculation shall include an estimate of the population served and the volume of water delivered. This information shall be provided to the District by February 15 following the specific calendar year for which the report is made.

(b) If records are available, the Member Agency shall provide to the District, on or before July 1, 2027, the information requested in subparagraph 9 (a) for each calendar year between 2000 and 2026.

(c) Within forty-five (45) days following termination of this Agreement and prior to final payment, the Member Agency shall submit to the District a final, written report, including a summary of the Project; problems/challenges encountered; customer responses; Project benefits; a breakdown of final Project costs; and an evaluation regarding the effectiveness of the Project.

(d) If a retail customer of the Member Agency receives and installs a water-conserving device, fixture, or equipment as part of the Project, the Member Agency shall provide to the District the customer's water use information for three (3) full years prior to and following installation of the device, fixture, or equipment.

(e) The provisions of this paragraph 9 shall survive expiration or termination of the term of the Agreement.

10. Term. The term of this Agreement shall commence on the Effective Date, and it shall expire without further notice or condition on June 30, 2027, except all reporting obligations required by this Agreement shall survive its expiration or earlier termination for five (5) consecutive years.

11. Termination. Either party may terminate this Agreement upon sixty (60) days written notice to the other party.

12. Indemnification. The Member Agency shall indemnify, hold harmless, and defend the District, its Trustees, officers, employees, and agents against any claim or asserted liability arising out of the Member Agency's actions, either willful or negligent, or the actions of the Member Agency's officers, employees, or agents, in providing labor,

services, supplies, and materials pursuant to this Agreement, including any losses related to any claim made, whether or not court action is filed, and will include attorney fees and administrative and overhead costs related to, or arising out of, such claim or asserted liability.

13. Notices. All notices, requests, demands, and other communications required or allowed by this Agreement shall be in writing and shall be given by personal delivery or by certified mail, with return receipt requested, to the following addresses or to such other addresses as the parties may designate in writing:

If to District, to:

Jordan Valley Water Conservancy District
Attn: General Manager
8215 South 1300 West
West Jordan, Utah 84088

If to Member Agency, to:

Granger-Hunter Improvement District
Attn: Michelle Ketchum, Director of Administrative Services
2888 South 3600 West
West Valley City, Utah 84119

Notice shall be effective on the date it is received by the other party.

14. Amendment. This Agreement may be amended only by written instrument signed by both parties.

15. Binding Nature. All of the grants, covenants, terms, provisions, and conditions in this Agreement shall be binding upon and inure to the benefit of the successors and permitted assigns of the parties.

16. Assignment. The Member Agency shall not assign this Agreement or any of its rights under this Agreement without the prior written consent of the District. The District may assign this Agreement and/or any of its rights under this Agreement.

17. Whole Agreement. This Agreement, including exhibits, constitutes the entire agreement of the parties and supersedes all prior understandings, representations, or agreements of the parties regarding the subject matter in this document.

18. Authorization. The Member Agency represents and warrants that it has authority to enter into this Agreement. In addition, each individual executing this Agreement does hereby represent and warrant that he or she has been duly authorized to sign this Agreement in the capacity and for the entities shown.

19. Miscellaneous. The parties shall perform those acts and/or sign all documents required by this Agreement, and which may be reasonably necessary to effectuate the terms of this Agreement.

EXHIBIT A

PROJECT DESCRIPTION, SCHEDULE, AND COST

GRANGER-HUNTER IMPROVEMENT DISTRICT

Measure 1: Continuous Flow/Customer Water Usage Portal Program Extension

Description: Granger-Hunter Improvement District (GHID) seeks funding to complete implementation of a new Customer Water Usage Portal and expand its successful Continuous Flow Program to provide customers with timely, actionable water-use information. In 2025, GHID's Continuous Flow Program notified 628 customers of continuous water use, resulting in 407 customers correcting confirmed leaks or ongoing water loss concerns. These results demonstrated that proactive customer notifications can significantly reduce water waste and improve customer awareness.

Building on last year's Member Agency Grant, the proposed project will complete deployment of the new Customer Water Usage Portal, providing customers with near real-time water-use data, automated leak and continuous flow notifications, customized usage alerts, conservation messaging, and convenient web and mobile access. Together with ongoing outreach efforts, this program will help customers identify leaks sooner, reduce unnecessary water consumption, improve customer service, and strengthen GHID's long-term conservation goals.

Why This Program Is Needed: In 2025, GHID launched its Continuous Flow Program to proactively identify potential customer leaks and improve response times. During the program's first year, 628 customers were notified of continuous water use, resulting in 407 customers correcting confirmed leaks or ongoing water loss concerns. These results demonstrated that providing customers with timely water-use information leads to meaningful conservation outcomes and reduced water waste.

Despite these successes, many customers remain unaware of leaks until they receive a high water bill. Manual notification efforts are effective but labor-intensive, requiring significant staff time to review reports, contact customers, and follow up on unresolved issues.

In addition, GHID's previous Sensus customer portal was underutilized and has since been discontinued, creating the need for a modern, customer-friendly platform that provides improved access to water-use information and automated notifications.

The conservation opportunity remains substantial. Continuous flow averages approximately 20 gallons per hour per affected meter, representing an estimated 432,000 gallons of water loss per day, or more than 157 million gallons annually. Expanding automated customer alerts and self-service monitoring tools will help customers identify and resolve water waste more quickly.

Key Features & Benefits:

- Near Real-Time Leak Detection – Detects continuous flow from sources such as running toilets, irrigation issues, or mainline leaks, allowing customers to address problems before significant water loss occurs.
- Automated Customer Notifications – Alerts customers when abnormal usage patterns or continuous flow are detected, helping identify leaks sooner and reducing reliance on manual outreach.
- Customizable Usage Alerts – Customers can establish personalized thresholds and receive notifications as they approach higher billing tiers, helping them better manage monthly water consumption.
- User-Friendly Access – Integrated with GHID's billing software to provide seamless access through web and mobile applications without requiring separate credentials.
- Enhanced Conservation Messaging – Provides customers with water-saving tips, educational resources, and consumption insights that encourage efficient water use.
- Multiple Communication Methods – Supports outreach through portal notifications, email, text messages, phone calls, and postcards to ensure all customers receive important water-use information.
- Courtesy Field Support – Technician visits can be provided when customers need assistance locating or resolving leaks.

Program Goals:

- Expand Leak Detection and Notification Efforts – Provide timely notifications to all affected customers rather than only those identified through manual review.
- Improve Customer Water Awareness – Give customers direct access to near real-time water use information and consumption trends.
- Enhance Customer Communication – Deliver alerts and conservation messages through multiple channels.
- Support Water Conservation – Encourage early leak repairs and informed water management decisions that reduce unnecessary consumption.
- Increase Customer Engagement – Improve access to usage data through modern web and mobile applications.
- Bridge the Digital Divide – Continue providing traditional notification methods for customers who may not utilize digital tools.

Implementation Plan:

1. Complete Customer Water Usage Portal Implementation

Last year's Member Agency Grant supported the selection and initial implementation of a new Customer Water Usage Portal after GHID learned its existing Sensus customer portal would be discontinued. Since then, GHID has completed a competitive procurement process, selected a vendor, and finalized implementation planning.

Funding through this measure will support completion of the portal implementation, including system configuration, customer onboarding, software licensing, and ongoing support during the 2026-2027 grant period.

2. Baseline Outreach

- Review accounts currently identified with continuous flow conditions.
- Notify customers through their preferred communication method, including postcards, phone calls, emails, text messages, and portal notifications.
- Provide educational materials and conservation guidance.
- Offer courtesy technician visits when leak investigation assistance is needed.

3. Ongoing Monitoring and Notification

- Compare daily continuous flow reports against the existing customer notification database.
- Automatically notify customers through the portal when continuous flow is detected.
- Continue manual outreach for customers who are not enrolled in the portal or who require additional assistance.
- Track customer responses and conservation outcomes to measure program effectiveness.

4. Customer Education and Adoption

GHID will dedicate significant staff resources to ensure successful implementation and customer participation. Efforts will include:

- Customer enrollment support
- Educational outreach campaigns
- Portal training and tutorials
- Conservation awareness messaging
- Technical assistance for portal users

5. Intern and Staff Support

- Extend employment of GHID's summer intern to support implementation activities.
- Assist with customer outreach, account monitoring, data review, and follow-up coordination.
- Support adoption and education efforts during the portal rollout.

Promotion & Adoption Strategy:

To maximize customer participation and conservation benefits, GHID will implement a comprehensive outreach campaign that includes:

- Email campaigns promoting portal enrollment and key features.
- Social media and website content highlighting leak detection tools, conservation resources, and customer success stories.
- Targeted outreach to high-usage customers and customers with prior continuous flow concerns.
- Instructional videos, tutorials, and user guides demonstrating how to monitor water use and configure alerts.
- Postcards and direct mail campaigns to engage customers who may not routinely access digital communications.
- Ongoing conservation messaging that reinforces efficient water-use practices.

Communication Strategy:

- Primary Methods: Portal notifications, email alerts, and postcards.
- Secondary Methods: Text messages and phone calls.
- Follow-Up Support: Courtesy technician visits and individualized customer assistance for unresolved issues.

Staff Involved:

- Summer Intern – Implementation support, customer outreach, and follow-up coordination
- Michelle Ketchum – Director of Administrative Services
- Krista Barnes – Customer Service Supervisor and customer service staff
- Dustin Soter – Meter Supervisor and meter staff
- Marinda Miller – Data Auditor
- Justin Gallegos – IT Director

Funding Request & District Contribution:

Funding requested under this measure will support the remaining implementation costs of the new Customer Water Usage Portal, annual software licensing, and ongoing support costs during the 2026-2027 grant period.

GHID will provide substantial in-kind support through staff time dedicated to implementation, system administration, customer education, outreach efforts, and ongoing program management. This investment will help ensure successful adoption and maximize conservation benefits throughout the District.

Complementary Efforts:

The Customer Water Usage Portal and Continuous Flow Program work together to create a comprehensive customer engagement and water conservation strategy. The Continuous Flow Program has already demonstrated measurable success, with 407 customers correcting confirmed leaks following notification efforts in 2025. The new portal expands upon those results by providing automated alerts, near real-time consumption information, and convenient customer access to water-use data.

Together, these initiatives will improve customer service, reduce water waste, increase customer awareness, and strengthen GHID's long-term water conservation efforts.

Funding Tier: Tier 1***Schedule for Implementation:***

- June 2026 – Begin crafting the new water usage portal structure.
- July - August 2026 – Train GHID staff on the new portal and the new resources
- August 2026 – May 2027 - Roll out the new portal and begin to engage customers and encourage usage access through the District website, the Xpress Bill Pay portal, and the Water Usage Portal app.

Cost:

- JWWCD 80%: \$27,200
- GHID 20%: \$6,800
- Total: \$34,000

Measure 2: Leak Detection Equipment

Description: GHID plans to transition to an in-house, year-round leak detection program through the purchase of listening equipment and data loggers. This investment will improve system efficiency, reduce water loss, and allow for more proactive leak identification and response.

Funding Tier: Tier 1

Schedule for Implementation:

- July - August 2026 – Obtain bids.
- September 2026 - May 2027 – Purchase equipment and implement program. Track data and make repairs.

Cost:

- JWWCD 80%: \$25,600
- GHID 20%: \$6,400
- Total: \$32,000
 - Acoustic Listening Devices (2 sets): \$12,000
 - Data Loggers: \$20,000

Measure 3: Water System Audit by Zone**Description:**

Currently, GHID measures water loss at the district-wide level. Last year, total water loss was 478,003,674 gallons. While this tells us the overall magnitude of the problem, it does not identify where the losses are occurring.

GHID's system is divided into six pressure zones, each with the potential to be analyzed independently by comparing water production to customer consumption. Performing this analysis by zone would allow GHID to identify which areas have the greatest water loss and prioritize leak detection, infrastructure improvements, and operational efforts where they will have the greatest impact.

This effort would also support the implementation of the American Water Works Association (AWWA) District Metered Area (DMA) methodology. DMAs are discrete, metered sections of a water distribution system that allow utilities to more precisely measure flows, track water balances, and identify areas with elevated water loss. As GHID advances its water loss control program, developing the ability to perform zone-level audits is a foundational step toward establishing and managing DMAs in accordance with AWWA best practices, enabling more targeted leak detection, asset management, and non-revenue water reduction efforts.

GHID does not currently have an accurate or automated method for determining the amount of water produced within each pressure zone. This measure involves enlisting the help of a qualified consultant to develop and automate the calculations needed to accurately measure water production by zone. This capability would provide the detailed data necessary to conduct ongoing zone-by-zone water audits and make more informed, data-driven decisions to reduce water loss.

Funding Tier: Tier 1

Schedule for Implementation:

- July - September 2026 – Prepare a cost-benefit analysis to determine the most effective approach for completing the project.
- October 2026 – Implement the plan.

Cost:

- JVVCD 80%: \$16,400
- GHID 20%: \$4,100
- Total: \$20,500

Measure 4: Tiered Rate Study

Description: Through the help of a consultant, develop a tiered rate structure to promote water conservation while ensuring long-term revenue stability. This study will align pricing signals with usage patterns, encouraging efficient consumption and reducing peak demand pressures. By balancing affordability, cost recovery, and conservation objectives, GHID can strengthen revenue stability, incentivize conservation and reinforce community stewardship of limited water resources.

Funding Tier: Tier 2

Schedule for Implementation:

- July 2026 – Gather data, usage trends, and industry developments
- November 2026 – Begin solicitation process
- December 2026 – Selection and kickoff
- June 2027 – Completion of introductory analysis

Cost:

- JVVCD 60%: \$6,000
- GHID 40%: \$4,000
- Total: \$10,000

Measure 5: Promotional and Educational Conservation Materials

Description: Funding would support a variety of conservation outreach and educational materials designed to promote water efficiency and community engagement. Materials may include event giveaways, school education displays, yard signs, sprinkler test cups, videos, community event support such as Truck-or-Treat activities, and grass seed distribution.

Funding Tier: Tier 3

Schedule for Implementation:

- July 2026 – May 2027 – Purchase and distribute promotional materials

Cost:

- JWWCD 40%: \$4,000
- GHID 60%: \$6,000
- Total: \$10,000

Measure 6: Conservation Calendars, Information Packets, and Conservation Art Contest

Description: Due to the popularity of the conservation calendars featuring local water conservation artwork, GHID would like to continue the program in 2027. Funding would also support updated customer information packets and prizes for art contest participants to encourage continued community engagement in water conservation.

Funding Tier: Tier 3

Schedule for Implementation:

- September 2026 – Design conservation calendar
- November 2026 – Calendar printing and distribution
- December 2026 – Information packet update and printing
- Spring 2027 – Hold art contest and announce winners

Cost:

- JWWCD 40%: \$2,400
- GHID 60%: \$3,600
- Total: \$6,000

Measure 7: Spray Nozzles and Drip Irrigation Kits

Description: GHID has previously provided spray nozzles to new customers to promote water conservation and efficient watering practices. Requested funds will be used to replenish this supply and to purchase drip kits that will be offered to customers who express interest in using the materials to save water. Verification of installation, either through pictures or on-site visits, will be incorporated into the campaign.

Funding Tier: Tier 1

Schedule for Implementation:

- July 2026 – May 2027 – Purchase and distribute materials; educate customers

Cost:

- JWWCD 80%: \$2,400
- GHID 20%: \$600
- Total: \$3,000

Total JWWCD: \$84,000

Total Granger-Hunter: \$31,500

Total of all Projects: \$115,500

GRANGER-HUNTER
IMPROVEMENT DISTRICT

CAPITAL PROJECTS APPROVALS

August 2026 Board Meeting

CAPITAL PROJECTS APPROVAL

23L: Watts Well No. 18 Equipping Project

Capital Project:	23L: Watts Well No. 18
Address:	1002 W 2320 S
Project Budget:	\$1,870,000.00 (2026)
GHID Project Manager:	Jeremy Gregory
Consultant:	Hansen Allen & Luce
Contractor:	J. Lyne Roberts & Sons, Inc.

Project Description: Construction of a new potable well pump house with chlorination facilities; associated electrical, controls, and HVAC; new piping and connections to the well and pump-to-waste discharge; new surge tank vault; construction of a new cul-de-sac, and miscellaneous surface improvements.

Project Update: As part of the design and construction of the new cul-de-sac, a portion of Salt Lake County's property would be dedicated to West Valley City as public right-of-way. As part of this, the city and district will quitclaim the property to Salt Lake County. The proposed property adjustments are shown on the following page.

In addition, Rocky Mountain Power requires a utility easement across District property to provide electrical service to the new well facilities. The proposed utility easement is shown on the following page.

Staff Recommendation: Consider approval to grant Rocky Mountain Power a utility easement at the Watts Well No. 18 site to provide electric service for the 23L: Watts Well No. 18 Equipping Project.

Staff Recommendation: Consider approval of a quitclaim deed at the Watts Well No. 18 site to Salt Lake County in connection with the 23L: Watts Well No. 18 Equipping Project.

CAPITAL PROJECTS APPROVAL

¹ The City of South Salt Lake contract is based on a fiscal year. All other contracts are based on a calendar year.

² Retail deliveries are finalized after billing. Preliminary estimates using AMI data are made for the month previous to today.

³ Contract amount is minimum purchase plus remediated water.

⁴ Water treated and transported for MWDSLS by JVWCD is delivered to Salt Lake City at 2100 South.

⁵ District Use (Non-revenue) includes water consumed in breaks, reservoir washing, fires, irrigation and facility potable water.

⁶ Willow Creek Country Club average annual usage is estimated at 350 acre-feet.

INFRASTRUCTURE

-Water Quality

Water Quality continues to focus on maintaining safe, reliable, and high-quality drinking water throughout the distribution system. Staff are actively performing routine water quality sampling, system flushing, chlorine residual monitoring, and bacteriological testing to ensure compliance with all state and federal drinking water standards.

63

Total Complaints

-425%

From last month

Water Quality Customer Complaints

INFRASTRUCTURE

-Water Quality

Free chlorine residuals throughout the distribution system remained within established operational targets during the reporting period, helping ensure continued disinfection protection and regulatory compliance. Routine monitoring and sampling confirmed that water quality standards were consistently maintained across the system. Staff continue to proactively monitor chlorine levels, water age, and system conditions to support safe, reliable drinking water and maintain high-quality service for our customers.

Wastewater Maintenance Update

Collection System Cleaning

Collection System CCTV

2026 Data:

- During the month of July, we focused solely on routine cleaning and CCTV inspections. We are on track for cleaning target and just below our CCTV target. Footage is still lower than we'd like on CCTV due to an employee being on light duty, equipment failures and also for performing lateral launch and locating for sewer connections for the water group's water line project.

Wastewater Maintenance Update

Collection System Hot Spot Cleaning

2026 Data:

- Hotspot Cleaning- Complete. Will clean again in October.
- Manhole Inspections- We are just below our target. This is not alarming. We remain confident that we will achieve our target before the end of the year.

Manhole Inspections

Wastewater Maintenance Update

BOD - Concentration

TSS - Concentration

2026 Data:

- Biochemical Oxygen Demand (BOD) and Total Suspended Solids (TSS) are used to measure the overall strength of the sewer.
- The BOD/TSS numbers are an average of the results from a monthly sample.
- The Wasatch front AVG is an annual average of BOD/TSS levels from 2025 data collected from the following entities:
 - North Davis Sewer District
 - Timpanogos Special Service District
 - Snyderville Basin (East Canyon & Silver Creek)
 - Springville City

Wastewater Maintenance Update

2026 Data:

- Thirty-One (31) interceptor and sampling manhole inspections were completed in July.
- Fats, Oil, Grease and Solids (FOGS) program performed in July:
 - One (1) education visits with customers
 - One (1) Cleaning Notices with one (1) of those notices being completed before the follow-up inspections.

INFRASTRUCTURE FUNDING UPDATE

Funding Opportunity	Funding Agency	Cost Match	Timeline	Projects	Status
American Rescue Plan Act (ARPA) - \$1.4B to Utah	Drinking Water SRF	Up to 49% Grant Opportunity	Complete	Redwood Road Waterline Replacement, Ridgeland Pump Station Replacement	Received \$13.8 M - \$2.8M in principal forgiveness and \$11M at 0.5%
Infrastructure and Investment Jobs Act	Drinking Water SRF	Up to 49% Grant Opportunity	Complete	Redwood Road Waterline Replacement, Ridgeland Pump Station Replacement	
WaterSMART Drought Response Program	Bureau of Reclamation	Up to \$5M in grants per project	Complete	Anderson TWP & Well No. 18 Drilling/Construction	Received \$5M Grant
Bipartisan Infrastructure Law (BIL) for Lead Service Line Inventory - \$28M per Year for 5 Years	Utah Division of Drinking Water	Up to \$100,000 per year up to 5 years	Complete	Lead Service Line Inventory (Contractor)	Received \$100,000 with 100% principal forgiveness
Emerging Contaminants Funding (Manganese Removal)	Utah Division of Drinking Water	Requesting ~ \$2.5M	Complete	Anderson Water Treatment Plant (Wells No. 16 & 18)	Awarded \$2.5M Grant for Anderson WTP
WaterSMART Planning and Project Design	Bureau of Reclamation	Up to \$400,000 in grants per project	Complete	For 50% design for projects to be submitted for WaterSMART Drought Response Grant. Zone 1 Reservoir.	Awarded \$172,200
Infrastructure and Investment Jobs Act (IIJA) - Community Project Funding	U.S. House of Representatives	Proposing 75/25 Split	2027	5400 West Pipeline -> 3600 West Pipeline	Awarded \$1M
2026 Community Project Funding	U.S. House of Representatives	Proposing 70/30 Split, \$1,000,000	March 2026	4800 West Pipelines from 3100 South to 3500 South	Applied
WaterSMART Drought Response Program	Bureau of Reclamation	\$13M available nationally	May 2026	Zone 1 Reservoir construction	Not applying this year
Clean Water State Revolving Fund (CWSRF)	Water Quality Board	Low-interest Loans	TBD	Pleasant Valley Replacement	TBD
DNR Division of Water Resources	Board of Water Resources	Used to cover match for WaterSMART	Apply by September 30.	Anderson Water Treatment Plant, Zone 1 Reservoir, Future Well No. 18, Well No. 1 Replacement	TBD
WEEG (Water and Energy Efficiency Grant)	Bureau of Reclamation	50% or less, up to \$500,000 over 2 years	TBD	Supplement meter purchases to replace obsolete small and large meters.	TBD
TOTAL GRANTS					\$11,567,500
